From the Desk of CEO

Dear Stakeholders,

As we step into another year filled with promise and potential, I want to reflect on the dynamic shifts reshaping the global trade and commerce landscape. In a world where economic uncertainties and evolving geopolitical realities continue to challenge traditional paradigms, one nation stands as a beacon of resilience, adaptability, and opportunity—India.

With a vibrant economy, strategic geographic location, and robust policy framework, India has positioned itself as a pivotal player in the global marketplace. From thriving export corridors to emerging as a global hub for procurement, the country is setting benchmarks that resonate with businesses worldwide.

India's export sector spans textiles and apparel, pharmaceuticals, leather goods and accessories, footwear, packaging products, and agricultural products, making the nation a reliable partner for diverse industries. The rise in acceptance of the Indian rupee for global trade by over 18 countries is a testament to India's growing economic influence.

At Inductus, we are proud to contribute to this remarkable journey by enabling businesses to harness India's strengths. Be it through facilitating global trade operations, setting up GCCs, or driving innovation, we are committed to being a trusted partner in navigating the evolving global marketplace.

We look forward to working together to make the most of these times and shape a future defined by growth, collaboration, and sustainable prosperity.

Mr. ALOUK KUMAR

Founder & CEO, Inductus Group

India : Global Procurement Hub

- **Strategic Location:** India's strategic position connects Asia, Europe, the Middle East, and Africa, bridging the fastest-growing markets. With 7,500+ km of coastline, 12 major ports, and proximity to ASEAN and Africa, it facilitates 40% of global maritime trade, offering unmatched logistical advantages and reduced costs.
- **Diverse Supplier Network:** India's 63 million MSMEs drive 45% of its industrial output, making it a top global supplier. From being the largest textile exporter to a leader in pharmaceuticals. India offers unmatched diversity and quality. In 2022, the automotive sector alone exported \$49 billion, solidifying India as a powerhouse for scalable, innovative sourcing.
- **Cost-Effectiveness:** India's labor costs are among the lowest in Asia, with manufacturing wages below those in China. The government's Production Linked Incentive (PLI) scheme further boosts its cost-efficiency, making it an attractive manufacturing hub. Global companies like Apple and Samsung are expanding their operations in India, recognizing its unmatched value proposition.

63
Million MSMEs in
India

- **Quality & Compliance Focus:** India leads in manufacturing and services with over 70,000 ISO-certified units and compliance with global standards like CE, RoHS, and FDA. It has 3,000+ US FDA-approved pharma facilities, the largest outside the U.S., and \$25 billion in annual pharmaceutical exports.
- **Infrastructure Development:** India is revolutionizing trade with projects like Bharatmala's 34,800 km of highways and Sagarmala's upgraded ports. The development of freight corridors and inland waterways aims to reduce logistics costs from 14% to 10% of GDP. These initiatives position India as a global logistics powerhouse, setting new standards in efficiency and cost-effectiveness.
- **Regulatory Support:** India's leap from 142nd to 63rd in the World Bank's Ease of Doing Business Index reflects its transformative reforms, including GST, simplified customs, and streamlined approvals. With the 2023 Foreign Trade Policy targeting \$2 trillion in exports by 2030, India offers global enterprises unmatched ease of operations and growth potential.

“

**“India’s growth rate is remarkable...
If you are not in India, You are making a mistake”**

- SAP DY Chair Punit Renjen

About Inductus

Inductus Limited, headquartered in Delhi NCR, India, boasts nearly two decades of experience in delivering innovative solutions across Consulting, Outsourcing, Project Management, and Technology. We have successfully partnered with over 300 prestigious organizations worldwide, including national governments, international corporations, and prominent entities within the United Nations framework (WHO, UNICEF, UNFPA).

Our extensive track record includes the successful execution of critical projects for Central and State Governments in India, as well as Public Sector Units (PSUs) & various prestigious Multilateral Organizations. We pride ourselves on leveraging research-driven, innovation-centric, tech-enabled project management methodologies to consistently deliver impactful results. Our ability to combine local expertise with a global perspective enables us to offer world-class services, ensuring the highest standards of quality.

Why Inductus Global?

Inductus Global position itself as a reliable and market leader in global trade, with their innovative approach and informative strategies. We offer competitive market research, Innovative procurement techniques, and an audited supplier base to enable global importer to fulfill their product need to grow their Business.

Here's what sets us apart:

Market Insights

Inductus Global offers market intelligence and strategy, enabling importers to make informed decisions about product sourcing, pricing, and market demand.

One Working Document

Inductus Global offers "One Working Document" which combines all your purchases from multiple vendors into one easy-to-manage document, saving time and simplifying procurement.

Suit of Best Vendors

Inductus Global has a vast network of reliable audited suppliers and manufacturers in India, ensuring high-quality products at competitive prices.

Wide Range of Products

Inductus Global offers a wide range of products, making procurement simple and efficient—all from one platform.

Cost Optimization

By outsourcing procurement and compliance management with Inductus Global, importers save time, resources, and money that would otherwise be spent on setting up their buying operations.

Hassle Free Import

Inductus Global handles the entire supply chain, from supplier identification and contract negotiation to quality checks and logistics.

Clients

Testimonials

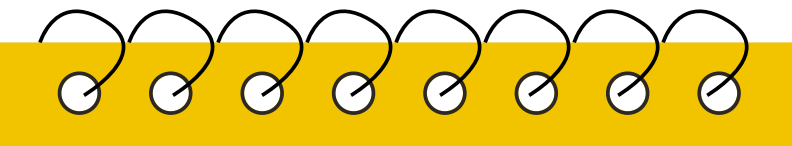

"Thank you, Inductus Global, for guiding us through the challenges of producing a fully custom Footwear. Throughout the process, we gained valuable insights, and your support in helping us find a competent factory was invaluable. We truly appreciate your expertise and dedication!

**- CEO, Footwear Distributor
NGO, USA**

"The team was great to work with. They were dedicated to getting me exactly what I needed for my product. I have specific demands for quality and design, and they didn't stop until they found the right manufacturer for me. I will definitely use them again for any future sourcing needs. Thank you!

**- Import Manager, Clothing
Store Chain, Uganda**

"We had a diverse and unusual shopping list, but no stone was left unturned until we found what we were looking for. The challenges of the global shipping crisis have added some stressful moments but as always team remains calm and professional and his excellent communication means we are tracking to achieve a great result...and we had a lot of fun along the way!

**- Purchasing Manager,
Packaging Company, UK**

At **Inductus Global**, we are more than facilitators of trade—we are architects of enduring partnerships that unite India’s unparalleled potential with the aspirations of the global marketplace. Rooted in a legacy of excellence and driven by innovation, our mission is to deliver not just products but transformative value to our clients.

From the vibrant landscapes of India's agricultural fields to its cutting-edge industrial hubs, we represent a nation poised as a global procurement powerhouse. Each product we source, every solution we design, and every service we deliver reflects our unwavering commitment to precision, quality, trust and sustainability..

Partnering with Inductus Global means embracing a seamless trade experience underpinned by integrity, cultural richness, and business acumen. As your gateway to India’s thriving industries and unique offerings, we ensure that every interaction exemplifies sophistication and excellence.

Let us embark on this journey together—where opportunities abound, innovation leads, and success knows no boundaries.

Trade with India. Trade with Excellence. Trade with Happiness.
